

FACILITY USAGE POLICY

PHILOSOPHY STATEMENT

The board of education of St. Johns Public Schools supports a philosophy that encourages the use of school facilities for purposes directly related to the educational, civic, cultural, recreational and social life of the community. It recognizes that the primary purpose of school facilities is to implement their instructional and extra curricular programs and that other usage shall not interfere with these programs.

The Board also recognizes that the traditional use of school grounds and facilities should be expanded to better serve the youth and families of the St. Johns School District. In order to provide facilities capable of joint use by the public and the schools, the Board has created a Youth Advisory Council composed of scheduling, maintaining and financing school facilities. This Council also assists the Board in formulating and reviewing the facility usage policy.

I. GENERAL REGULATIONS OF FACILITY USAGE

- A. Guidelines for Facility Usage** - The use of school facilities for K-12 school instructional and extracurricular programs, meeting of students, teachers, parent-teacher organizations or other organizations directly affiliated with the schools will have precedence over other requests. Sponsors of school activities and events are encouraged to schedule their facility needs in advance of the date of use to assist in the further scheduling of the facility. To ensure the care and preservation of school facilities and equipment and to ensure fairness and consistency in the implementation of Board policy governing use of facilities, the following categories have been established. These categories have been approved to determine priority for facility use and a schedule fee has been provided for approved users outside of regular programs or activities when designated space and facilities are available.

Category 1 will be given the highest priority and Category 5 the lowest. However, every effort will be made to accommodate all requests.

In the event that property loss or damage is incurred during use or occupancy of district facilities, the amount of damage shall be determined by the building principal and approved by the administration, and a bill for damages will be presented to the group using the facilities.
